Distribution Documentation

The protection of the environment is increasingly important in the lives of all and the LOC, through the environmental programs of the Higher Council of Sports; wants contribute to environmental protection and more specifically to the consumption of paper.

With the current means and the technology of the communication, the saving of the paper is a measure enough obvious that we must implement, but that we are sometimes reluctant to accept, especially when it comes to request the starting lists and the results of the competition, which will be published on the website. Therefore, the LOC wishes contribute by reducing to the maximum the copies made during the celebration of the WG and wishes to thank all the participants for their understanding on this subject. From this way, the exit lists and the results will only be displayed on a board.
